

Individualized Learning Plan

Student Name		Student ID		Date	
Current Program Track					
Please address the following with specific, intentional goals on how you will prepare, what resources/modules will be studied and completed, and how/when that information will be obtained.					
1. Identify your specific and measurable objectives for the Return to Practicum preparation.					
2. Describe the process and plan for meeting each of the above objectives. Please include your plan for mentored practice, continuing education, study habits, life adjustments, etc.					
3. Describe any limitations or conflicts that may impede the ability to meet these objectives.					

Outcome of the learning plan review meeting:	
	Connected with campus clinical coordinator
	Connected with student faculty advisor
	Connected with campus academic coordinator
Comments	
Outcome of the clinical case review process:	
Result	Does the student have a progression plan update?
Outcome Notes (including progression plan details if applicable)	
	Connected with campus clinical coordinator
	Connected with student faculty advisor
	Connected with campus academic coordinator
